Graduate Employment Rates

Spring 2022

Graduate Employment Information

- NPRC conducted a survey of its Spring 2022 graduates to obtain information on employment.
 - 83.33% of graduates who responded were employed prior to graduation.
 - 50.00% of graduates who responded were planning to transfer to another institution of higher education following graduation.
- NPRC conducted a 6-month follow-up survey where one graduate responded.
 - This graduate reported that they had successfully transferred to a 4-year institution where all credit hours earned at NPRC were transferrable.
 - This graduate also reported that they were employed and frequently apply the skills and knowledge gained while enrolled at NPRC to their current job.
