Rural Regional College of Northern Pennsylvania

Affordable Associate Degree Programs

Fall 2017 Courses

offered through an innovative partnership with

Gannon University

to improve educational options for rural Pennsylvania

Classes begin the week of August 21st
All classes meet locally in the evening!

PSYC 101: First-Year Seminar (2 credits) The First-Year Seminar is a discussion/experience-based course intended to orient the new student to Gannon University, to introduce the Liberal Studies Core and LIFECORE, to assist in the transition from high school to university life, and to encourage development of academic, personal and spiritual aspects of the student's life. Each seminar is unique, depending upon the instructor and/or program in which it is offered. TH 6:30-8:20 pm

MATH 111: College Algebra (3 credits) Polynomial, rational, radical, exponential, and logarithmic functions and equations; systems of equations; matrices and determinants; sequences and series; binomial theorem. *Prerequisite: High school algebra.* M/W 5-6:20 pm

LENG 111: College Composition (3 credits) The principles of logic, rhetoric, and language and their use in written discourse. Application of these theories to numerous reading and writing assignments. Much attention to basic writing skills. T 6:30-9:20 pm

SPCH 111: Public Speaking (*3 credits)* This course introduces both the theory and the practice of public speaking in a variety of contexts. Students will develop the communication skills necessary to analyze verbal discourse and perform effectively in a variety of public speaking situations. M 6:30-9:20 pm

CIS 150: Business Technology I (*3 credits)* A hands-on introduction to the application of personal computers in a modern, networked business environment. Introduction to the Windows operating system, use of the Internet, the World Wide Web, and the components of Microsoft Office, with particular emphasis on Word, Excel, and Powerpoint. M/W 6:30-7:50 pm

BCOR 231: Business and Professional Communication (*3 credits)* A detailed study of the various methods of communication used in the professions, business, and industry, for audiences both within and outside the organization. Numerous written exercises. (This course also listed as ENGL 212) *Prerequisite: LENG 111, LENG 112* W 6:30-9:20 pm

PSYC 211: Psychological Statistics (3 credits) An introduction to frequency distributions, sampling distributions, t-tests, analysis of variance, correlation, linear regression, and non-parametric statistics. T/TH 6:30-7:50 pm

BCOR 214: Principles of Accounting I (*3 credits)* This course introduces the main aspects of the accounting structure. The fundamental accounting principle is presented in the form of the balance sheet equation and is followed by the logical development of the subject of debits and credits, journal entries, special journals, and specific account classifications. The course provides a thorough review of how accounting transactions affect the financial statements and analysis of financial statement information. *Prerequisite: BCOR 105, MATH 111* T/TH 5-6:20 pm

LPHI 235: Philosophy of Knowledge (3 credits) A study of the possibility and validity of human knowledge, together with the criteria of truth. *Prerequisite: LPHI131* T/TH 5-6:20 pm

Scholarships Available for Eligible Students
